Saloon Lounger Took Drug P. F. Collier & Son. After Whining at Proprietor's Demand to Move.

Carl Zlowzyewski, proprietor of the saldon at No. 64 Morris street, Jersey City, found Carl Umpuer sleeping alongside of the saloon stove at closing hour this morning.

nour this morning.

"Come, get out of here. This is no steeping joint," exclaimed the saloon hand, as he shook Umpuer, "averybody is telling me to 'get out of here," whined Umpuer. Then he said: "Just wait a moment." He entered a rear room, where he took from a pocket of his coat a white powder which he swallowed before the proprietor could stay his hand.

"You nor any other man will ever usain tell me to 'get out of here," said the desperate man, as he staggered to the doorway and dropped to the pavement unconscious.

A patrol wagon hurried the man to the City Hospital, but he was dead when the wagon halted at the entrance. He was not the city hospital but he was dead when the wagon halted at the entrance. when the wason strychnine. Umpue trance.

There is no surer, evidence of a poisonous, polluted condition of the blood than that manifested by a sore that refuses to heal. Every symptom suggests pollution; the discharge, the red, angry flesh, the inflammation and discoloration of surrounding parts all show that the ulcer is kept open by a constant drainage of impurities through it.

When the blood is pure and healthy any cut, bruise or wound will heal readily; when from any cause, however, the blood has become infected with germs or poisons the place becomes a sore or ulcer, sometimes scabbing over, but never fully healing, because it is kept irritated and inflamed by the impurities in this vital fluid. Often the rough handling of a wart, mole or pimple which has never shown any sign of trouble, a slight scratch or

ever the cause the vitality and purity of the blood is so weakened and polluted that it cannot properly nourish the system, and the sore or ulcer is kept up. Those most usually afflicted with chronic sores and ulcers are persons who have reached or passed middle life; the vitality of the blood and strength of the system have naturally begun to weaken and the poisons in the blood which perhaps have been inherited and lain dormant in the system for years cannot be as effectually held in check as in

bodily waste. But what-

early life when the system was strong and vigorous. While the old or middle-aged are the usual sufferers, the young are not exempt if the blood becomes infected. Salves, plasters, lotions, etc., cannot cure old sores and ulcers because they do not reach the seat of the trouble. Such treatment keeps the place clean, relieves pain and perhaps reduces the inflammation, and in this way is beneficial, but can never permanently heal them. The only treatment that can do any permanent good is a competent blood

purifier, one that goes to the very root of the trouble and removes the cause, and for this purpose nothing has ever been found to equal S. S. S. It goes down to the very fountainhead of the disease, drives out all poison and morbid matter, builds up the weak, sluggish blood, gives energy and strength to the entire system, and allows the sore to heal naturally and permanently.
